

MISSIONARY

China

China is investing huge sums of cash in almost seventy countries facing financial challenges – including Hungary, Croatia, Greece and Portugal.

The initiative is to build major public infrastructure in these countries and will connect China with them by land and sea.

It involves China making financial loans to those countries but critics say China is laying a debt trap.

* Let's pray for Chinese Christians who are sent overseas as engineers, builders, lecturers etc. that they may find gospel fellowship wherever they go, and that their faith in Christ would be vibrant & attractive to all.

Next week is our Autumn Mission Focus Sunday

Our visiting speaker is Chris Binstead, Church Development Coordinator of Arab World Media (AWM -Pioneers). We are looking forward once again to his ministry morning & evening.

“ Arab World Media makes learning about God accessible, by using different media channels to meet people in diverse places .“
